Notes:

The R-values shown are Total R-values for the building element as required by the Energy Provisions of the Building Code of Australia. Air-Cell products are manufactured, tested and packaged in conformance with AS/NZS 4859.1:2002 – Amdt 1.

The contribution of the product Total R-values depends on installation and environmental conditions. The R-value will be reduced in the event of the accumulation of dust on the upward facing surfaces and in those cavities that are ventilated.
